

PMI® FALL-TEK™ RESCUE SOLUTION

Rescuing a fallen and suspended coworker from their fall protection without putting the rescuer in harm's way can be a real challenge. But with the PMI® Fall-Tek Rescue Solution, a non-committal coworker rescue can be safely accomplished by using a telescoping pole to hook the suspended worker and then raise or lower them to safety. The Fall-Tek is rescue-ready and pre-rigged with ANSI compliant ropes and hardware- thereby eliminating the time spent on tying knots or setting up a complicated rigging system. Training on the PMI Fall-Tek Rescue Solution is strongly recommended. So whether you work at height in construction or general industry, this PMI Rescue Solution is for you!
